NEW Oriental Poppies

O flower can draw more instant attention and leave a more lasting and pleasing impression than a bed of carefully selected Oriental Poppies. Either singly, or in mass, they give a touch of barbaric splendor offered by no other flower. For five years we have been carefully selecting new and better varieties which show superior merit and advancement over old types. For the first time, we are in position to offer in quantity a selected list of new varieties, each one of which is distinctly superior. We furnish field grown clumps.

NEW INTRODUCTIONS FOR 1938

The late beloved Dr. J. H. Neeley of Paulding Ohio was, without question, the leading authority on Oriental Poppies in America. At his suggestion we started raising seedling poppies about fifteen years ago. From our forty thousand plants Dr. Neeley selected two varieties for distribution. We can assure our friends that these two poppies are superior in every way to any existing varieties.

NEELEY'S FAVORITE

Dr. Neeley selected this poppy as his favorite among the deep red varieties. A massive flower of rich Afghan red. Flowers held erect by sturdy stems. Neeley's Favorite is destined to become the leading deep red poppy.

\$1.00 each; \$10.00 per 12; \$75.00 per 100.

BEACON

Here is a poppy with enormous flowers of an unusually beautiful shade of rich raspberry red. Everyone admires Beacon for its abundance of flowers and its distinctiveness of color. You will eventually be growing this variety.

\$1.00 each; \$10.00 per 12; \$75.00 per 100.

PINK SPLENDOR (NEW)—A new poppy introduced for the first time this year. We consider Pink Splendor the finest pink poppy produced to date. The individual flowers are of medium size and more abundantly produced than in any pink variety. In color, a beautiful shade of deep coral pink without spot or blemish of any kind. Stock is limited. **\$3.25 per 12; \$25.00 per 100.**

CAVALIER—A new seedling from the late poppy specialist, Dr. J. H. Neeley. Crinkly petals of deep cardinal red. One of the best. **\$3.25 per 12; \$25.00 per 100.**

JEANNE MAWSON—Large flowers of light coral pink. Tall, erect stems. A beauty. **\$2.00 per 12; \$15.00 per 100.**

LULA A. NEELEY—This variety is our favorite. Good strong stems support flowers of brilliant cardinal red, the color holding until the last. We predict that this variety will become the most popular Poppy in America within a few years. **\$1.75 per 12; \$12.00 per 100.**

MRS. PERRY—Although this Poppy has been on the market for several years, it is not widely distributed. A bright clear coral pink color combined with vigorous growth makes Mrs. Perry one of the most beautiful varieties. **\$1.20 per 12; \$8.00 per 100.**

PROSPERINE—Of the reds, Prosperpine, with its striking buds, heavy stems and massive flowers, is undoubtedly the best. You cannot be without this blood red variety. **\$1.50 per 12; \$10.00 per 100.**

PURITY—Considered by many to be the finest of all poppies. Pure soft pink without spot or blemish of any kind. New. **\$3.25 per 12; \$25.00 per 100.**

SASS PINK—(New) A most unusual and beautiful poppy of light shell pink. Considered one of the five best poppies. **\$4.00 per 12; \$30.00 per 100.**

WURTEMBERGIA—A striking flower of great size and substance. Brilliant Hollyberry red in color. **\$1.75 per 12; \$12.00 per 100.**

America's Finest Peonies

For over a quarter of a century we have specialized in the growing of Peonies, the most popular of the hardy perennials. At the present time, G. & R. Peony plantings cover fifty acres in our nurseries—the largest plantings of their kind in the world devoted exclusively to root production.

SIZE OF ROOTS. At the prices quoted, 3 to 5 eye divisions with well balanced roots will be supplied. Prices on undivided field clumps will be supplied on request.

Good & Reese Introductions

MRS. WARD WELSH (Jap.)

At the time this variety was exhibited at the National Peony Show in 1927, it created a sensation. It was awarded the medal of the Garden Club of America as the "Best New Peony on Exhibition." Due to the fact that only several plants existed at that time, it was necessary to delay introduction until the present year. Mrs. Ward Welsh is considered by many Peony experts to be the last word in charm and beauty. Its large, snow white petals surround a center of golden yellow petaloids. The flower stems are strong and sturdy—in general effect, the plant is balanced and pleasing. It is our opinion that Mrs. Ward Welsh is destined to be rated one of the world's finest peonies. **\$10.00 each.**

DR. J. H. NEELEY (9.35)

In Dr. J. H. Neeley we are introducing a Peony that is now considered one of America's truly fine varieties. We are confident that this variety is destined to be ranked among the five finest. In bud form, the flowers are faint blush pink, upon full opening are pure white. The broad heavy guard petals are of an unusually waxy texture; the center petals are rounded and cup shaped. The stems are long and strong. The fragrance is very pleasing. In Dr. J. H. Neeley we believe perfection has almost been reached. **\$7.50.**

JUDGE SNOOK (9.5)

A really glorious flower that is destined to be ranked among the world's finest. The flowers are extremely large and are of rose type. It flowers in mid-season. The stems are long and strong, supporting enormous flowers of pure snow white, when fully opened. Upon first opening, the flowers are pale creamy flesh, fading to pure snow white. The odor is strong and pleasant. It is our belief that Judge Snook is undoubtedly one of the most magnificent Peonies ever originated. It is robust in growth and reliable in flowering. You will be growing Judge Snook eventually. **\$7.50.**

GOOD'S GEM (Jap.)

Peony experts who have seen this Peony for the past few years have proclaimed it the finest Japanese variety yet introduced. Good's Gem possesses to the ultimate degree those qualities most sought by hybridizers. A veritable giant in size of flower and plant, remarkable substance and striking coloring combine to make Good's Gem a masterpiece. The petals are snow white, the petaloids golden yellow. A very robust grower, dwarf in habit, and reliable in flowering. **\$7.50.**

GOOD'S IDEAL

Semi-rose type; midseason. A remarkably beautiful Peony is the consensus of opinion regarding Good's Ideal. The flowers are large and are supported by strong stems. The guard petals are pale flesh and surround a collar of faint Havana brown. In general appearance, the flowers are creamy-white and are very striking. It is naturally a free and reliable bloomer. Good's Ideal is a plant of ideal habit, strong, upright and vigorous, with good stems. It is truly a sensational Peony. **\$7.50.**

MRS. JOHN M. GOOD (9.10)

Experienced growers who have seen this beautiful variety have greatly admired its beauty and charm. A wonderful white peony of largest size, often averaging nine inches in diameter. The flowers are flat, many petalled and perfect in form. The large buds are conical in shape, and upon opening are purest snow-white, showing no stamens and without markings of any kind on entire flower. Three or four flowers are carried on each strong, stout stem, thus giving the plant a very balanced and pleasing appearance. Mrs. John M. Good is a peony of great beauty; it is undoubtedly one of the world's finest Midseason. **\$5.00.**

DARLING O'MINE

Crown type; midseason. Commercial growers of Peonies invariably select this variety as a peak of perfection for cut flower plantings. Darling O'Mine possesses the essential factors required by critical growers—appealing color, good long stem and wonderful keeping quality. In general description, Darling O'Mine may be adequately described as an improved President Taft. The strong stiff stems support extremely large flowers of beautiful rose pink, blending to delicate lavender pink in center. We believe this variety is destined to be one of the most popular ever introduced in America. For cutting it is ideal; for landscaping, it is superb; and for general usefulness, it is unsurpassed. **\$7.50.**

ANNE NIELSEN

Crown type; late. For delicate beauty and charm, Anne Nielson is without an equal. It possesses the aesthetic refinement attained in such beautiful varieties as Venus and Mme. Emile Galle. The guard petals are very broad and pure snow white in color. The secondary petals are slightly smaller than the guards, and are delicately margined shell pink. Anne Nielsen has a pleasing rose fragrance. A truly remarkable Peony is the consensus of opinion regarding Anne Nielsen. **\$7.50.**

MRS. J. H. PERKINS

A crown type flower of large size that flowers in midseason. The broad, shell-shaped guards of pearly white enclose a zone of creamy white interspersed with pale yellow petaloids. The broad center petals are pale flesh white. The stems are long and strong. The fragrance is strong and pleasing. In total effect, Mrs. J. H. Perkins is a magnificent "triple-decker", a Peony greatly admired by those acquainted with it. **\$7.50.**

SWAN WHITE (Single)

A beautiful dwarf single Peony that is among the first to flower. For landscaping we believe Swan White is unsurpassed by any single variety with which we are acquainted. A double row of wide snow-white petals surround a disc of golden-yellow stamens. The flowers are supported by stiff stems. Swan White remains in flower in better shape and for a longer time than any other single. A row of this variety on the lawn is a beautiful display. **\$5.00.**

FRANK E. GOOD (8.65)

We confidently believe Frank E. Good is destined to become one of America's truly fine peonies. It possesses an almost unknown color shade that is distinctly different and rare. Those who admire the Havana Brown shade in such favorites as Solange and Tourangelle invariably go into ecstasy over this beautiful new variety. The long, strong stems support large, perfectly formed flowers of pale flesh pink, the center of the flower being overlaid with delicate brownish salmon. In general effect the color is intermediate between Solange and Mme. Emille Galle. A pleasing fragrance, combined with vigorous growth, makes Frank E. Good one of the most beautiful and charming Peonies we have ever seen. Rose type, late. **\$5.00.**

Gypsophila Bristol Fairy

GYPSOPHILA BRISTOL FAIRY

A Florist's Moneymaker

In Bristol Fairy we have a wonderful advance over all other types. The flowers are perfectly double, pure snow white and two to three times the size of *Gypsophila paniculata flore plena*. Bristol Fairy blooms early and continues to throw up flowers from the base bearing fine sprays from June until killing frost. The dried flowers retain their pearly whiteness throughout the winter so that they can be depended upon to lighten the stiffness and formality of winter bouquets.

Good's White Giant Amaryllis

Only once in a decade is a really worthwhile new plant produced. In Good's White Giant, we believe we have a sensational new introduction that will become as popular as Lilium Ginganteum when its merits become known. The flowers are enormous in size, often ten inches in diameter. In color, pure white without markings of any kind on the flowers. Frequently as many as six flowers are carried on a single stem. It is the most striking flower that can be grown. The stock is limited this year. \$1.00 each, \$7.50 per 12, \$50.00 per 100.

LANTANAS

Although we have been increasing our production of Lantanas in the past several years, the demand has constantly exceeded the supply. For the coming season we have one hundred and fifty thousand plants in prime condition. Every florist can handle this plant on a profitable basis—both as a blooming pot plant and as a bedding subject. For general spring sales, shift the plants into 3 or 4 inch pots. We have added several new varieties this year that are very outstanding.

SENSATION (NEW)—Medium dwarf. Lavender and yellow.

DWARF BEAUTY (NEW)—Dwarf. Orange bronze.

GOLDEN PLUME (NEW)—Beautiful orange yellow.

CRAIGI—The best dwarf red variety.

M. SCHMIDT—Most popular Lantana. Orange bronze.

RADIATION—Similar to M. Schmidt. Very fine.

TETHYS—Dwarf. Lemon yellow.

ALBA PERFECTA—Best pure white variety.

SOUTHERN—Dwarf. Pink and yellow.

LA PLEUR D'OR—Dwarf. Best golden yellow.

JACOB SCHULZ—Red, yellow and orange.

BIENCOURT—Lavender and pink.

WEeping—Weeping type—lavender flowers.

Prices—All Varieties—2¼ inch pots—\$0.85 per 12; \$5.50 per 100; \$50.00 per 1000.

GERANIUMS

ENCHANTRESS FIAT—A sport of Fiat that is fast becoming the most popular pot geranium ever introduced. It is by far the most prolific of all double geraniums—it may be finished in four inch pots with an average of four to five large flower heads. In color, beautiful Enchantress pink. Stock is very limited. \$1.20 per 12; \$8.00 per 100; \$75.00 per 1000.

ROSEBUD—We have a limited stock of this very rare variety. The flowers are rich red when open. The buds, before opening resemble miniature rose buds. This is the most distinctly different geranium we have ever grown. For a variety that is really distinct and different, try Rosebud. 2 ¼ inch pots, \$2.00 per 12; \$15.00 per 100.

DOUBLE FLOWERING VARIETIES—2 ¼ inch pots.

	Per 12	Per 100	Per 1000

BEAUTE POITEVINE—Shrimp pink.
COMTESSE DE HARCOURT—Pure white.
FIAT—(The True Variety)—Salmon pink.
HELEN MICHELL—Orange Red.
IRVINGTON BEAUTY—Rose pink.
LA FAVORITE—Pure white.
MADAME BARNEY—Deep pink.
MADAME LANDRY—Salmon pink.
MARQUIS DE MONTMART—Rich purple.
MICHELL'S SENSATION—Poinsetta red.
RED BARNEY—Deep scarlet.
RADIO RED—Intense scarlet.

SWEET-SCENTED GERANIUMS

LEMON—The foliage is pronouncedly lemon scented.
NUTMEG—Foliage has the true nutmeg fragrance.
ROSE—The famous sweet rose-scented Geranium; very fragrant.
WALNUT—Oak shaped leaves, walnut scented.

Per 12, \$0.90; per 100, \$6.00; per 1000, \$55.00

VARIEGATED VINCAS

For fall shipment we have an excellent stock of Variegated Vincas. Abundant rainfall during the growing season has greatly bettered the quality over former years. The field clumps should be potted in the three and four inch sizes. The Rooted Layers should be potted individually in the 2 ¼ inch size or several may be placed in the three inch size with satisfactory results. We guarantee our Vincas to be the true variegated type.

Chinese Evergreen

(AGLAONEMA MODESTUM)

The most satisfactory of all plants for indoor growing

We are fortunate in having an excellent stock of this very outstanding plant. For dependability, no plant can compare with Chinese Evergreen for the home. In the past several years, it has increased in popularity to the point where it is now the most popular plant in most sections for use in fancy pottery and ornaments. 2 ½ pots \$1.75 per 12; \$12.00 per 100; Larger plants \$3.50 per 12; \$25.00 per 100.

Variegated Ivy

Since being introduced several years ago, this desirable Ivy has become more popular each year. A well made-up plant is most beautiful, and given a little more care than the average type of Ivy, it will thrive most satisfactorily.

The large leaves are bright green at the center with an irregular band of white around the edge. It is most useful both as an individual vining plant for house decoration and when used in make-up work in plant combinations.

2¼-inch pots, \$1.00 per 12; \$7.00 per 100

BUDDLEIA HARTWEGI

THE FINEST OF THE BUTTERFLY BUSHES

BUDDLEIA HARTWEGI is undoubtedly the finest of all the summer flowering Butterfly Bushes. As a summer cut flower plant and as an ornamental lawn shrub it is unsurpassed in beauty and usefulness. The large bright lavender panicles have remarkable substance and harmonize in arrangement with other summer flowers. The flowers do not "sunburn" as do the other Davidii varieties, and the tip flowers on the panicle open before the basal flowers have faded. The individual flowers are closely spaced on the panicles, imparting a compact and pleasing appearance. The foliage is very heavy and is rich dark green.

Buddleia Hartwegi is hardier than any of the summer flowering Butterfly Bushes, having lived through the severe winter of 1935-36 without protection and with only slight loss.

Plants from 2 ¼ inch pots, which will flower profusely the first year, will be supplied.

\$1.50 per 12, \$10.00 per 100, \$80.00 per 1000.

OTHER BUDDLEIAS

Ile de France—Rosy Purple
\$6.00 per 100, \$50.00 per 1000.

Alternifolia—Lavender
\$8.00 per 100, \$75.00 per 1000.

Pothos Aureus

This beautiful climbing vine has become deservedly popular because of its adaptability to the unnatural conditions of the average home. It is particularly suitable for sun-parlor decoration and grows equally satisfactorily in any part of the home, even in comparatively dark situations. Florists have found an unusually large demand for this valuable climbing Vine and it can be merchandised with the assurance of giving satisfaction with a minimum of care. Try out this beautiful plant; we are certain you will follow with a repeat order in a short time.

2½-inch pots, \$1.20 per 12; \$8.00 per 100

New Heart Leaved Ivy

A new Ivy that is bound to become very popular when it is better known. Medium sized distinctly heart shaped leaves. Stock is very scarce.

2¼-inch pots, \$1.75 per 12; \$12.00 per 100
